WHO WE ARE

The first edition of ARTSEASONS Majorca in 2004 was an outstanding success with patrons Prinzessin Christine and Prinz Franz von Auersperg and with partners UBS Wealth Management, Maybach and ARTInvestor Magazine.

Up to 15 internationally renowned galleries are selected to participate in exhibiting some 80 masterpieces of established as well as of cutting-edge stars of contemporary art. The artworks are for sale.

The venue is Prinz Franz von Auersperg's Cas Pellers Estate in Binissalem, a beautiful historical village in central Majorca. With hallways, gardens and courtyards of a 1.000 sqm, Cas Pellers offers exceptional possibilities for presenting contemporary art.

The event is accompanied by a lively social programme.
